

REMARKS

Claims 1-9, as initially filed in the parent patent application Serial No. 09/715,688 have been canceled. However, applicants do not waive any right to present the same claims, similar claims, or other claims in a future continuation application.

The specification as filed in this continuation application includes minor corrections.

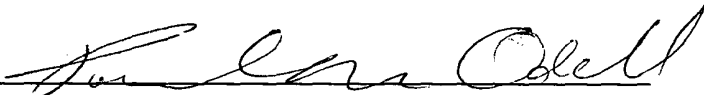

Claims 1-13 as initially filed in this continuation application are identical with the parent application claims 1-13.

It is applicant's intention in this continuation application to prosecute claims identical or similar to the non-elected claims 10-13 of the parent application Serial No. 09/715,688, as well as additional claims.

It is requested that the calculation of the filing fee be based upon the revised set of claims after entry of this Preliminary Amendment.

Respectfully submitted,

WOOD, PHILLIPS, KATZ, CLARK & MORTIMER
